JASON VS FREDDY

Canadian Geek Fantasy Girls Amy Alyssa and Leah Eribe channeled their evil sides when they decided to do a sexy classic horror movie villain cosplay photoshoot.

GF We would love to find out what you ladies have on your geek card.

LU I love anime. Period. I also draw my own fantasy world in the privacy of my room. I play D & D. I also have been collecting Sonic comics since I was in grade 7 and before that, all the Sega games.

AA I have a secret obsession: I love Buffy. I have a pretty large action figure collection among other things Buffy related that I have collected over the years: T-shirts, a box of lollipops, a Buffy ouija board, Buffy lego... I need more!

GF What made you choose the Freddy/Jason characters to cosplay for this Evil Dead Issue?

AA Our team is passionate about classic horror films. We got together and discussed the idea and were shooting not long after that. I am impressed with the results! Being able to bring some of my favorite horror icons to life was such an amazing experience.

GF What was it like shooting these two characters in that really cool location?

LU Let me tell you, we went to this abandoned location in Oshawa (which is great 'cause In my spare time, I love exploring abandoned places with my buddies) and it all looked so cool with graffiti everywhere. The grass was overgrown and the place looked worn down, a perfect setting for a horror shoot. It totally looked like a place where something horrifying would take place.

GF Sounds perfect. Any crazy moments during your shoot that are noteworthy?

AA Well, Leah and I needed a spot to lie on the ground for one of our shots. I noticed a used condom on the ground that Leah was getting ready to lie on. I noticed it too late. Leah is scarred for life.

LU I was asked to lie on the floor and as I went down on my knees, I looked down to what my knee hit. To my horror it was condom, ugh! Shortly after, we discovered a dildo near by. Something had clearly gone down before we had arrived.

GF Sounds like a party! But seriously, what would a guy have to do to get you on his good side.

LU I strongly dislike stupid people, so generally any guy who's dated me and had nothing else to talk about but how much he parties or how much he works out, it's a big turn off!

AA There is nothing worse then someone who isnt funny, or someone who tries too hard. Relax, be yourself! I love quirky, funny people. Make me laugh and you're on your way to a "yes".
